Key Features

- These two-story units offer four to six homes per multiplex, making them ideal for small families, professionals, roommates, and first-time homebuyers.
- Each unit has an open concept layout on the first level and two large bedrooms with a full bath on the second level.
- With modular construction techniques, these homes offer a quick build time, high-quality finish, and energy-efficient living spaces.
- The two-bedroom, one-and-a-half-bathroom layout appeals to a wide range of tenants, and the multiplex holds significant rental income potential, making it an excellent investment for property owners and developers.
