3 Key System

Our '3 Key System' gives homeowners the flexibility to select and upgrade product features, while staying within a pre-determined budget.

Each Key option [1, 2 or 3] is designed to make it easy to calculate the cost of product upgrades, and determine which features are most important to you and your family.

Beautiful and functional products designed to stretch your budget.

Product options that find a balance between added luxury and increased cost.

Premium features and products that come at a higher than average cost.

At the end of the day, our '3 Key System' allows you to easily explore and add custom product options during the design process with your Dream Builder.

*** Stain colour may vary slightly depending on the wood species and finish. The visibility of wood grain affects how the stain appears—species with more pronounced grain, such as Oak, will show greater variation in colour. This natural variation is expected and is not considered a defect or a warrantable issue.*
